**2021-22
SCHOLARSHIP
CELEBRATION**

Tonight, we celebrate the achievements of our nearly 400 scholarship recipients. They hail from all around the globe and range in age from 17 to 65. Their diversity is extraordinary, but they share a desire to improve their lives through education. They continue to make us proud each day.

We also celebrate the donors who made these scholarships possible. It's heartening and uplifting to think that because of your generosity, each year we award over \$1M in scholarships. Your contribution transforms and inspires these students by catalyzing change within themselves, their families, their communities, and the world.

Finally, a special thank you to the volunteer reviewers who collectively devoted hundreds of hours to evaluating scholarship applications. Your labor of love will echo for years to come in the lives of those selected.
