**2020-21
SCHOLARSHIP
AWARDS
CEREMONY**

Tonight we celebrate the accomplishments, both present and future, of this year's nearly 500 scholarship recipients. They hail from all around the globe and range in age from 17 to 65. Their diversity is extraordinary, but they share a desire to improve their lives through education. **We know they will make us all proud.**

We also celebrate the donors who made these scholarships possible. It's heart-stopping to think that because of your generosity, this year we're awarding over \$1M in scholarships. Your contributions will change the lives of these students forever and ripple out to change the lives of their families, their communities and the world.

Finally, a massive thank you to the volunteer reviewers who collectively devoted hundreds of hours to evaluating scholarship applications. Your labor of love will echo for years to come in the lives of those selected.
